PRODUCT DESCRIPTION

Product #: LP-PA-CHICH

Description

A slender, form-saving, versatile chair. The lightness of the construction also translates into lightness in the visual sense, even though the chair is characterised by an exceptionally strong backrest and a stable seat. A characteristic, somewhat sophisticated design element is the legs that are slightly curved outside the chair's contour.

Dimensions:

Width(in):	20.28
Depth(in):	18.1
Height(in):	32.28
Seat height(in):	18.5
